### **Work Session**

Motion to approve agenda for February 7, 2022 work session was made by Commissioner McBride and seconded by Commissioner Buckner. All members voted affirmatively, motion carried.

A list of current water projects that had been submitted to ADEM was reviewed. After some discussion, it was determined that the information concerning all submitted water projects would not be forthcoming until around May 1. There is a point system being used by the State to determine this. The Commission also determined that they need to decide on what is the top priority to be used in the selection process, and they would wait until May 1 to continue this process.

With no further business, motion was made by Commissioner Rich and seconded by Commissioner Buckner, with all members voting affirmatively, to adjourn until the next meeting on February 14, 2022 @ 3:30 pm in the Commission boardroom.
